

EAA Chapter 1298 Minutes April, 2017 Meeting

19 people attending, 5 guests (Vic, Dan, Roger, Jim, Steve, Ivan)

Meeting commenced 9:05AM

Pledge to flag

Guest Introduction, 5 guests attending. Two of the guests signed on as new members!!!! Welcome to Vic Symonds and Steve White. Steve is currently researching an RV10.

Security folks gave a talk concerning security issues and how to protect yourself.

E-mail from Sun n' Fun looking for volunteers for their upcoming show.

Sun n' Fun coming up, James Chorvat offered to fly over on a daily basis. If anyone is interested in joining him please let him know.

There is one opening for a project in the hangar if anyone is interested.

James Chorvat will be staying on as treasurer and his relocation plans have changed.

New sign has been erected on Route 41 in front of airport showing EAA location.

Karl Bambas provided a demonstration and discussion of 3D printing. For those interested in pursuing this avenue then Karl is the person to talk with. He also has just started a web store to sell his components. Check it out at Bambas.com

Merle discussed progress on the Tailwind rebuild. Elevator upgrade completed, rudder removable bottom support completed. More work to do on stabilizer angle adjustment and wing attach fittings.

Next month, the May meeting will be on the first Saturday 05/06/2017 at 9AM. The featured presentation for this meeting will be regarding FAA airspace. If you have forgotten everything you should know about them then hopefully you will attend. Lynn Postell has all the good information you need to know.

Meeting adjourned at 10:27AM and the informal discussions continued.....

See you next month or stop by the hangar almost any day as I will be there complaining about all the work I still have to perform to get the Tailwind flying.

A revised chapter roster is also attached.

Merle Wagner
EAA Chapter 1298 Secretary
